Statement of Sympathy and Condolences

On the clashes in Moyale, Ethiopia

We are deeply disturbed and saddened by the loss of innocent lives of all communities, including a 13-year-old child, in the clashes that have shaken the town of Moyale in Ethiopia since 18 October 2026. The violence followed a dispute over administrative boundaries and land claims between residents of the Oromia and Somali regions, where the boundary town, Moyale, lies. This ongoing violence is causing destruction of property and assets and displacement of tens of thousands of citizens who have been forced to flee across the border to the Kenyan town of Moyale.

We would like to express our deepest condolences to the victims and their families. To our dear sisters and brothers in the region who have lost loved ones: we pray that God the Creator have mercy on the souls of the departed and offer comfort to their relatives and to everyone affected. We condemn in the strongest possible terms all attacks against civilians, and in particular ethnic-based attacks and clashes.

We value and appreciate the help and support offered by the Kenya Red Cross Society, which has provided emergency shelter, nutritional support, and first aid, and by the International Organization for Migration (IOM) and the Office of the United Nations High Commissioner for Refugees (UNHCR), which have responded to the gravity of the situation by deploying emergency teams, assessing needs, and appealing for urgent funding.
